3. I am a Dragon NaturallySpeaking 11 user and I want to get the upgrade to 11.5 now.

- a. Can I just download Dragon 11.5 now, as a Dragon 11 customer?**
If you would like to update from Dragon NaturallySpeaking 11 to 11.5, you can download the free, quick and simple smart update when it becomes available in a few weeks. If you need it more immediately, you can also order a DVD of the full product, for a fee of \$29.99. Contact the Nuance Customer Service team at 800-654-1187 to purchase the Dragon NaturallySpeaking 11.5 DVD. A receipt of purchase is required.
- b. Why do I have to pay for a DVD if I'm already a customer?**
We charge a fee for DVDs to cover the cost of manufacturing, shipping and handling. This is the same price that we regularly charge for replacement DVDs. If you do not want to incur a fee for the DVD, you can get a free downloadable upgrade in the coming weeks.
- c. Why do I have to wait for the free upgrade?**
We are offering a "smart application upgrade" for Dragon NaturallySpeaking, which provides a much smaller download and faster upgrade process, while still providing all of the benefits of the new version. Updating an existing installation is more complex than a new installation, which increases the time needed to ensure this upgrade meets the high standards that we set for Dragon.
